

PARTNERSHIP SUCCESS

Joint Ventures Provide Opportunities to Expand Access to Care

To develop a full continuum of behavioral health services, Erlanger Health System selected Acadia as its partner. A new 88-bed behavioral health hospital was built to serve a wide range of age groups including geriatric patients, adults, children and adolescents. Additionally, to better serve patients' needs other key services were developed such as; Partial Hospitalization, Intensive Outpatient and ECT services.

"The partnership with Acadia Healthcare has expanded our capacity to treat patients with mental health needs in our community. Together we have developed a full-continuum of behavioral health services including a state-of-the-art hospital. Erlanger selected Acadia as its partner because of its behavioral health expertise and our mutual focus on providing compassionate and high-quality care to patients."
